Spa protocol

Updated March 14, 2022

Our director, Sandrine Hugonot and her team have put in place new measures necessary to welcome you safely. All our practitioners have been trained in the new health rules. Before coming to the spa, please return the attached health questionnaire.

Following government announcements, we inform you that the presentation of the vaccination pass is no longer mandatory within our establishment.

Access to the spa:

Access to the spa will be possible by reservation only and will be limited to 12 people. The duration of presence at the spa (excluding treatments) cannot exceed 1 hour on Saturday from 2 p.m.

If you are staying at the hotel, please bring your bathrobe and bathing suit (a bathrobe and flip flops are available in your room). For external customers, we thank you for coming with as little personal belongings as possible. The spa changing rooms remain available by reservation only.

Towels are available for self-service.

Please respect social distancing and hygiene instructions throughout the spa.

Your care:

The cleaning frequency has been intensified and the cabins are disinfected after each treatment. All treatment protocols have been reviewed and adapted to hygiene needs.

Important: If you have any symptoms that could lead you to suspect a Covid-19 infection, please cancel your appointment and do not come to the hotel.
